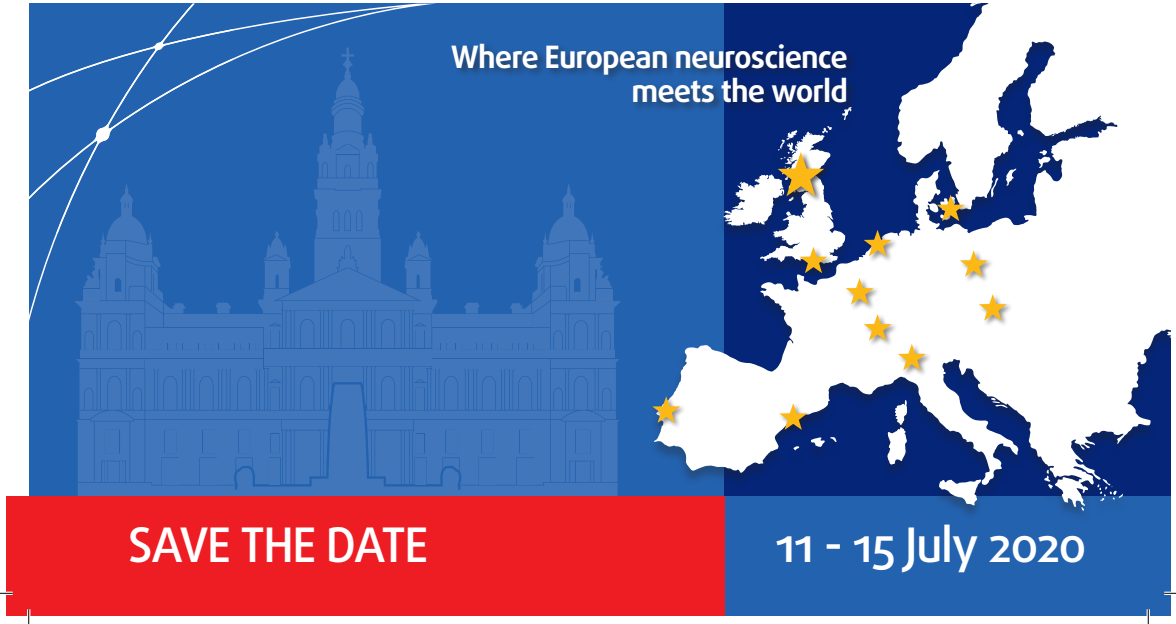
Dear Colleagues,

On behalf of FENS, I would like to invite you to the 12th FENS Forum of neuroscience that will take place in Glasgow, UK on 11 - 15 July 2020.

The biennial FENS Forum is Europe's preeminent international neuroscience meeting. It provides a unique opportunity to meet and discuss the most recent advances in basic and applied neuroscience research. As usual, the Forum programme will be selected from ideas proposed by the neuroscience community. I warmly encourage all scientists from every discipline to submit their proposals for symposia. The call will open early 2019.

The 12th FENS Forum is hosted in partnership with the British neuroscience Association (BNA).

I very much look forward to welcoming you in Glasgow!

Carmen Sandi,
FENS President


FENS Federation of European Neuroscience Societies
