

OPEN THEATRE - INDUSTRY-SPONSORED SESSIONS

These Open Theatre sessions are available for viewing on demand from 11 July 2020 and 3 months afterwards.

[View the Open Theatre sessions outlines.](#) ✨

Start 08:00

Discover a new light sheet microscope for Multiview imaging of living and cleared specimens

Start 08:00

Spatially map gene expression and genetic variants in the nervous system with the RNAscope technology

Start 08:00

Preclinical Electrophysiology, Fluidics and Surgical Solutions

Start 08:00

Comprehensive Preclinical Assessment Through Combined Physiology and Behavioral Evaluation

Start 08:00

Assessment of Chemical Effects on Developmental Neurotoxicity Using High-Content Analysis

Start 08:00

Research and Funding Opportunities in Germany

Start 08:00

Fibrillar and oligomeric constructs for neurodegenerative disease modelling

Start 08:00

Whole brain imaging at subcellular resolution – introducing the UltraMicroscope

Start 08:00

Multiphoton & Photostimulation Imaging with Ultima 2Pplus

Start 08:00

Ultrafast, real-time 3D multiphoton imaging and photostimulation during behavior

Start 08:00

Multiplex immunoassay detection of Alzheimer's disease biomarkers in cerebrospinal fluid, plasma, and serum

Start 08:00

An address from Daniela Georgescu, Elsevier Publishing Director, Neuroscience on: Open Access Strategy, Society Partnership and High Impact Journals

Start 08:00

Effective multiple labeling - Principles and best practice

Start 08:00

Differentiating and Characterizing PSC-derived Microglia

Start 08:00

Research and Funding Opportunities in Germany

OPEN THEATRE SESSIONS - FENS, PARTNERS AND SUPPORTERS

Saturday 11 July 2020

Start 08:00

CAJAL Embroidery Project

Start 08:00

The Women in Neuroscience Repository (WinRepo): improving the visibility of women neuroscientists

Sunday 12 July 2020

Start 08:00

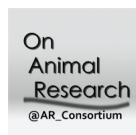

Announcement of the FKNE Mentoring Prize 2020 winner

Start 10:30

Neuroscience outreach: an overview by Dr Dervila Glynn, Chair of the FENS Communication Committee and Strategic Manager for Cambridge Neuroscience (University of Cambridge, UK)

Start 10:30

The Consortium for Public Outreach on Animal Research: introduction to the Consortium partners and activities

Start 10:30

ALBA Network Live Talk: When does a young girl learn she must compromise her dreams? an Indian perspective by Prof. Shubha Tole (ALBA Advisor - Tata Institute of Fundamental Research, India)

Start 11:00

Meet CHET: Mobility and Training after COVID-19

Start 11:30

Meet FKNE: Introduction to the FENS-Kavli Network

Start 14:45

Hear what the new EJN Senior Editors have to say on Research, Publishing and the Future of Neuroscience followed with live discussion with the European Journal of Neuroscience Editors

Start 15:30

How COVID-19 has affected neuroscientists?

Monday 13 July 2020

Start 08:00

Announcement of the ALBA-FKNE Diversity Prize 2020 winner

Start 10:30

The European Brain Research Area:
promoting and enhancing collaboration in brain research

Start 10:30

ALBA Network Talk: Gender in Neuroscience:
European specific challenges & solutions by Dr Anna Beyeler
(ALBA Network Ambassador - University of Bordeaux, France)

Start 14:30

FENS Job Market

Start 14:30

Gods, Boffins and Dr Strangelove: Malcolm Love explores the
importance of science communication by examining popular
caricatures of science and scientists

Start 14:30

An introduction to the Global Brain Museum by
the FENS History Committee and IBRO

Start 14:30

Exhibition of Cajal drawings with the support of the Cajal Institute
and FENS History Committee

Start 15:30

Meet the ALBA Network Ambassadors: Dr Tracy Bale (US),
Dr Anna Beyeler (France), Dr Marian Joels (The Netherlands),
Dr Rohini Kuner (Germany), Dr Diane Lipscombe (US) &
Dr Aparna Suvrathan (Canada)

Tuesday 14 July 2020

Start 08:00

Announcement of the FKNE PhD Thesis Prize winner

ALBA NETWORK
Towards diversity and
equality in brain sciences

Start 10:30

ALBA Network Talk: The tightrope walk in juggling parenthood and academia by Dr Srikanth Ramaswamy
(ALBA Ambassador - EPFL, Blue Brain Project, Switzerland)

ALBA NETWORK
Towards diversity and
equality in brain sciences

Start 10:30

ALBA Network Talk: Community leadership: women are more focused on building community and teams by Prof. Laurence Ris
(ALBA Network Ambassador - University of Mons, Belgium)

ALBA NETWORK
Towards diversity and
equality in brain sciences

Start 11:30

Meet the ALBA Network Ambassadors: Dr Dipesh Chaudhury (United Arab Emirates), Dr Francesca Cirulli (Italy), Dr Elaine Del Bel (Brazil), Dr Jacque Ip (Hong Kong), Dr Srikanth Ramaswamy (Switzerland), Dr Laurence Ris (Belgium)

Start 14:30

Crosswalk films
Short Film on Muming Poo
